

## SWEDISH TYPE APPROVAL 1307

WITH DECISION ON PRODUCTION CONTROL

**KEYWORD:** Tap water

**Holder:** SCHOMBURG GmbH & Co. KG

Aquafinstraße 2-8, D-32760 Detmold, Germany

Tel: +49 5231-953-00

E-mail: [info@schomburg.de](mailto:info@schomburg.de) Webb: <http://www.schomburg.de>

**Product name:** AQUAFIN®-IC

The product is cementitious, capillary active waterproofing slurry, for the secure waterproofing of concrete substrates and also against negative water pressure.

**Intended use**

For interior and exterior sealing of large concrete structures such as tanks, reservoirs or similar facilities for storing drinking water outside of the property connection point.

**Approval**

For the intended use the products meets the following requirements of PBL, regulations governing the technical properties of materials, products etc. used in construction works Chapter 8 Section 4 about the technical characteristics of buildings and constructions.

3. Protection with regard to hygiene, health and environment

This approval does not include physical and mechanical properties. The requirement of the blending ratio is 1:1
