

INDU-Rundschnur

Round profile backing strip

Art.-No. 5 55096

Properties:

- Closed cell polyethylene foam
- High elasticity and adaptability
- Water repellent
- Simple application

Areas of application:

INDU-Rundschnur is used as a back-filling material for joints to prevent a "three-sided bond". INDU-Rundschnur is used for the jointing materials:

- INDUFLEX-VK-TKF-2000mv
- INDUFLEX-VK-6060
- INDUFLEX-VK-6065

Application:

When placing INDU-Rundschnur in the joint void, ensure that the backing strip is compressed by at least 25% when positioned. Ensure, when pressing the backing strip into place, that no sharp edged implements/tools are used, which may damage the outer skin.

Storage:

Cool and dry, above +10° C to 40° C, minimum 18 months in the original unopened packaging.

Packaging:

25 mm diameter	200 m boxed
20 mm diameter	350 m boxed
15 mm diameter	550 m boxed
10 mm diameter	1,150 m boxed

Important advice:

- Higher temperatures reduce the shelf life.
- Applications that are not clearly explained in this technical data sheet may only be carried out after consultation with and written confirmation from the Technical Services Department of SCHOMBURG ICS GmbH.
- Product residues are household waste.

Please observe a current valid EU Health & Safety Data Sheet.
